

NPP or third-country passport?

Wednesday 3 Feb 2016
at the British Museum

4pm registration • 4.30pm start
• 6pm drinks reception

Guernsey Funds Masterclass

Event overview

With the welcome news in July 2015 that ESMA recommended that third country passporting under AIFMD be extended to Guernsey AIFMs and EU AIFMs of Guernsey funds, the island's access to the European markets looks set to be enhanced further.

Given that both NPP and third country passporting look set to be available in relation to Guernsey AIFs and AIFMs for a period of at least three years after the activation of Guernsey passporting, which regime will be the preferred option for fund managers operating in the EU?

Join us for an expert panel discussion as we debate the benefits and suitability of each approach and provide updates on other topical matters.
